1 Project Information

Review Date:	April 29, 2024	Official Plan Designation	Neighbourhood – Inner Urban Transect (Evolving Neighbourhood Overlay)
Municipal Address:	609, 611, 613, 615 Parkview Road	Legal Description:	Parts 1-9 on Reference Plan 4R-34475. Plan of Survey of Lots 102,103, and 104, and part of Lot 105, Registered Plan No. 265. City of Ottawa
Scope of Work:	Four residential triplexes currently exist on the subject lands. Each is currently composed of two 2-bdrm apartments and one 4-bdrm apartment. The owners wish to convert the 4-bdrm apartment of each property to two 2-bdrm apartments. A re-zoning of the subject lands from R3R to R4UC[XXXX] is sought to facilitate this conversion. The additional unit will classify these buildings as low-rise apartment dwellings, which is a permitted use in the R4 zone.		
Existing Zoning Code:	R3R	By-law Number:	2008-250
Schedule 1/1A Area:	Area X: Inner Urban	Overlays Applicable:	Mature Neighborhoods Overlay

3 Comments / Calculations

3.1 Permitted Projections Into Yards – Section 65

Permitted projections into required yards are specified in Table 65 of section 65 of the zoning bylaw. The following projections are present on the existing dwellings (no proposed changes to the structures).

Feature 4 - Canopies and Awnings.

(b) All other buildings including a low-rise apartment dwelling and mid-high-rise apartment dwelling:

ii) 1.8 m into an interior side yard, but not closer than 0.6 m to a side lot line.

As the proposed minimum interior side yard setback (1.2m) is less than the permitted projection (1.8), it is understood that the projection may extend to 0.6m from the lot line. This corresponds to a projection of 0.6 m.

Feature 6 – Covered or uncovered balcony, porch, deck, platform and verandah, with a maximum of two enclosed sides, excluding those covered by canopies and awnings

(b) In the R1, R2, R3 and R4 Zones within Area A of Schedule 342:

(iv) in all other cases, the maximum projection is 2 m, but no closer than 1 m from any lot line.

The permitted projection of the balconies into the rear yards is understood to be 2 m.

3.2 Calculation of Required Parking – Section 101

Parking requirements are specified as per provision 1 of section 101 “ *Within the areas shown as Areas B, C, D, X and Y on Schedule 1A, off-street motor vehicle parking must be provided for any*

land use at the rate set out in Table 101 below”. However, provision 3 sets out exceptions to this requirement.

(3) Despite Subsection (1), within the area shown as Area X on Schedule 1A:

(a) In the case of a building containing residential uses, no off-street motor vehicle parking is required to be provided under this section for the first twelve dwelling units and the parking requirements under Table 101 apply only to dwelling units and rooming units in excess of 12.

The subject properties are within Area X on Schedule 1A and each property has only 4 dwelling units. Therefore, no parking is required.

3.3 Location of Parking – Section 109

As per the provisions of section 109, parking may not be provided in the front yard or corner side yard of a property in a residential zone. The existing parking for these properties is located in the rear yard. The single parking space provided in the rear yard and driveways to access the parking spaces occupy approximately **34.4%** of the rear yard. This is less than the 70% maximum noted by provision 11a. **43.0%** of the rear yard area is provided as soft landscaping, which is greater than the 15% minimum noted in provision 11b.

3.4 Calculation of Required Bicycle Parking – Section 111

The calculation of bicycle parking requirements is based on the apartment building, low rise rate of “0.5 per dwelling unit” as specified by zoning Table 111.

A summary of required and provided bicycle parking is shown in Table 2 below.

Table 1: Bicycle Parking Calculation for 609, 611, 613, & 615 Parkview

Address	Bike Parking Space Rate (Table 111A from Zoning Bylaw)	Dwelling Units	Required	Provided
609 Parkview	0.5 per dwelling unit	4	2	4
611 Parkview	0.5 per dwelling unit	4	2	4
613 Parkview	0.5 per dwelling unit	4	2	4
615 Parkview	0.5 per dwelling unit	4	2	4
Total			8	16

Provision 6 notes that bicycle parking spaces may be located in any yard. Bicycle parking spaces have been located in the rear yards.

Sufficient space has been provided as specified by provision 8A. bike parking stalls have a width of 0.6 metres and a length of 1.8 metres as specified by table 111B.

3.5 Low-Rise Residential Development in All Neighbourhoods within the Greenbelt – Section 139

Provision 1 – as per Table 139(1) the required landscaping in the front yard is 35%. **71.2%** landscaping is provided in the front yard.

Provision 2 – As per Table 139(3) the maximum width of a shared driveway is 3 metres. The provided shared driveways are 3 metres wide.

Provision 4 – An existing walkway provides access to the ground floor unit of each building. This walkway is 1.2 metres wide which is less than the 1.8 metres permitted.

4(e) specifies that “A walkway may not extend to the right-of-way on a lot less than 10m in width where a driveway is provided”. The properties are less than 10m wide and a shared driveway is provided. Relief from this provision is requested.

Provisions 6 & 7 restate the rear yard landscaping requirements related to parking as discussed in Section 109. The proposed development conforms with the provisions.

3.6 Waste Management – Section 143

As per the provisions of section 143. An external waste enclosure has been provided for waste storage. This waste enclosure is accessed via the parking area in the rear yard and has an internal area of **3.15 m²** which exceeds the required area of 2 m² specified by the by-law provisions.

3.7 Amenity Area – Section 137

Low-rise apartment dwellings in the R4-UC zone are exempt from section 137. However, staff requested we still list how much amenity space is provided.

Communal Amenity Space: **38 m²** of amenity area provided in each rear yard

Minimum Private Amenity Space: **10.5 m²** of private balcony area provided per dwelling unit

3.8 R4-UC Specific Provisions – Section 161

Provisions 15 & 16 of the R4 zone set out specific provisions for low-rise apartment dwellings in the R4-UC zone: The following apply:

Special Zone Provisions Relating to Low-Rise Apartment Buildings			
Provision	Detail	Notes	Complies (Y/N)
15a	Any part of the rear yard not occupied by accessory buildings and structures, permitted projections, bicycle parking and aisles, hardscaped paths of travel for waste and recycling management, pedestrian walkways, patios, and permitted driveways, parking aisles and parking spaces, must be softly landscaped. 15n	<p>Clauses (f), (g), (h) and (j) do not apply to:</p> <ul style="list-style-type: none"> (i) lands designated under Part IV of the <i>Ontario Heritage Act</i>, or (ii) lands in a district designated under Part V of the <i>Ontario Heritage Act</i>. 	The property is not designated under the <i>Ontario Heritage Act</i> . The provisions of n do not apply.	N/A
15o	No rooftop amenity space is permitted within the area shown on Schedule 383. (Bylaw 2020-290)	The property is not within the area shown on Schedule 383. The provisions of o do not apply.	N/A
16	<p>In the case of a Low-rise Apartment Dwelling or Stacked Dwelling in the R4-UA, R4-UB, R4-UC and R4-UD zones</p> <ul style="list-style-type: none"> (a) No motor vehicle parking is permitted on a lot less than 450 square metres in area. 	Parking was approved on these properties via previous approvals. The owner wishes to maintain the current parking. No increase is sought.	N (relief sought)

3.9 Dwelling Units Per Property

During consultation with local residents and City Planning staff concerns were expressed that the R4-UC zone allows more than four dwelling units in a low rise apartment building. It is not the applicant's intent to allow more than four units per building. Therefore a site specific zoning provision is requested specifying that:

"No more than four (4) dwelling units may be permitted in a low rise apartment building"

4 Draft List of Requested Relief from Zoning

The property is proposed to be rezoned to Residential Fourth Density Zone with site-specific exceptions as outlined in the table below (R4-UC[XXXX]).

It is noted that the subject properties previously received a minor variance allowing reduced lot width (D08-01-20/B-00221 to D08-01-20/B-00224). The requested relief from this zoning provision has been maintained from these previously approved applications.

Draft List of Requested Relief from Zoning		
By-law Requirement or Applicable Section	Requirement	Proposed
Minimum Lot Width (Section 162 – Table 162A)	10 m	9.76 m
Minimum Interior Side Yard Setback (Section 162 – Table 162A)	1.5 m	1.2 m
Location of Walkway – Section 139(4e)	A walkway may not extend to the right-of-way on a lot less than 10m in width where a driveway is provided”.	Does not apply
Front Façade Articulation - Section 161(15h)	At least 20 percent of the area of the front facade must be recessed an additional 0.6 metres from the front setback line.	Does not apply
Parking Provisions Specific to R4-UC Zone – Section 161(16)	No motor vehicle parking is permitted on a lot less than 450 square metres in area.	Does not apply
Number of Dwelling Units – Section 162 (Table 162A)	8 permitted where minimum lot width is 10 m 9+ permitted where minimum lot width is 15 m	No more than four (4) dwelling units may be permitted in a low rise apartment building
