MINOR ZONING BY-LAW AMENDMENT APPLICATION SUPPORTING INFORMATION

File Number: D02-02-25-0012

SITE LOCATION

6255 (6245) Prince of Wales Drive, and as shown on Document 1.

SYNOPSIS OF APPLICATION

The subject property has an area of approximately 26 hectares with a frontage of approximately 200 metres on Prince of Wales Drive. The site is located on the east side of Prince of Wales Drive, west of Highway 416 and approximately 400 metres from the intersection of Prince of Wales Drive and Phelan Road. The subject site consists of vacant farmland, a farm dwelling, accessory buildings, and a woodlot at the rear of the site.

Currently the property is zoned Agricultural Subzone Two (AG2) and is designated Agricultural Resource Area under Schedule B9 of the Official Plan. The Zoning By-Law Amendment application will fulfill Condition 1 of a Consent to Sever Application D08-01-24/B-00204 granted by the Committee of Adjustment on November 15, 2024.

Condition 1 asserts that the applicant must obtain a Zoning By-law Amendment that prohibits residential development on the retained lands and permits a reduced lot width on the retained lands. The intention of the condition is to protect agricultural lands on the property by restricting residential development while recognizing the flag-pole gravel laneway access to agricultural lands. The applicant requests to rezone the retained lands from Agricultural Subzone 2 (AG2) to Agricultural Subzone 6 with rural exception xxxr (AG6 [xxxr]).

The retained parcel will consist of approximately 24 hectares of vacant agricultural land and woodlot. The severed lot will contain the residential dwelling and the accessory buildings and will have an area of approximately 2 hectares.

DECISION AND RATIONALE

This application is approved for the following reasons:

- The site-specific exception was requested to recognize the existing gravel laneway that provides access to the agricultural use on the retained lands.
- The requested amendment is consistent with the Provincial Planning Statement 2024.

- The Proposal conforms to the City of Ottawa’s Official Plan, particularly the policies in Section 9.1.3 – Protect farmland from uses that would impede productive farming operations as they relate to surplus farm dwelling severances.
