RIMS: 06SP026

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 1993 technical guidelines set by the Ministry and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.

No archaeological sites were documented. It is recommended that there are no further concerns regarding alterations to archaeological sites for the area that has undergone archaeological assessment. This Ministry concurs with this recommendation.

Please feel free to contact me regarding this project should you have any questions.

Yours,
