Reference: Proposed development at 135 Lusk St.: Stantec Consulting Ltd. drawings titled “Grading Plan” dated April 12, 2021 for project titled “BLOCK 10; HOME 2 - PROPOSED 6 STOREY; OTTAWA, ON, CANADA” and numbered 160401620 under drawings numbered “GP-1”.

Subject: Review from the geotechnical stand point based on the findings reported in Subsurface Investigation Report 52-OI36-R0, in response to item B11 in City of Ottawa comment “Site Plan Control Application 135 Lusk Street - 1st Review Comments” under file D07-12-21-0201.

YME has no objections to the referenced grading plan from the geotechnical stand point.

YME can thus say that the referenced plan “has respected the recommendations of the geotechnical report.” as suggested in the subject item.

Do not hesitate to contact us if you have any questions.
