2 WEST ELEVATION
3/32" = 1'-0"

3 EAST ELEVATION
3/32" = 1'-0"

1 NORTHEAST ELEVATION
3/32" = 1'-0"

BUILDER'S RESPONSIBILITY TO LAYOUT WORK
It is the Builder's responsibility to lay out and carry out the work as detailed in the contract documents. It is therefore necessary for the Builder to pay very close attention to actual site dimensions, geometries and conditions which may vary from those assumed on the drawings.
Any discrepancies which the Builder discovers within the contract documents themselves or between the contract documents & site conditions, are to be discussed with the Architect immediately before proceeding with any work.
Written dimensions shall have precedence over scaled dimensions.
