Re: Iridian Spectral Technologies

2700 Swansea Crescent, Ottawa

This letter is to confirm that the exterior light fixtures used for this project meet the criteria for full cut-off classification as recognized by the IESNA and that the resulting light spillage onto adjacent properties is below the maximum allowable spillage (0.5 fc) by City of Ottawa Standards.

If you have any further questions or require any further clarification, please contact me at your earliest convenience.

Yours Truly,

Arborus Consulting
