- Legend**
- Wooded Area
 - Proposed Cedar Trees
 - Fire Route (12m Radii)
 - Overhead Wires
 - Utility Pole
 - Anchor

Zoning Table for 2545 9th Line Road

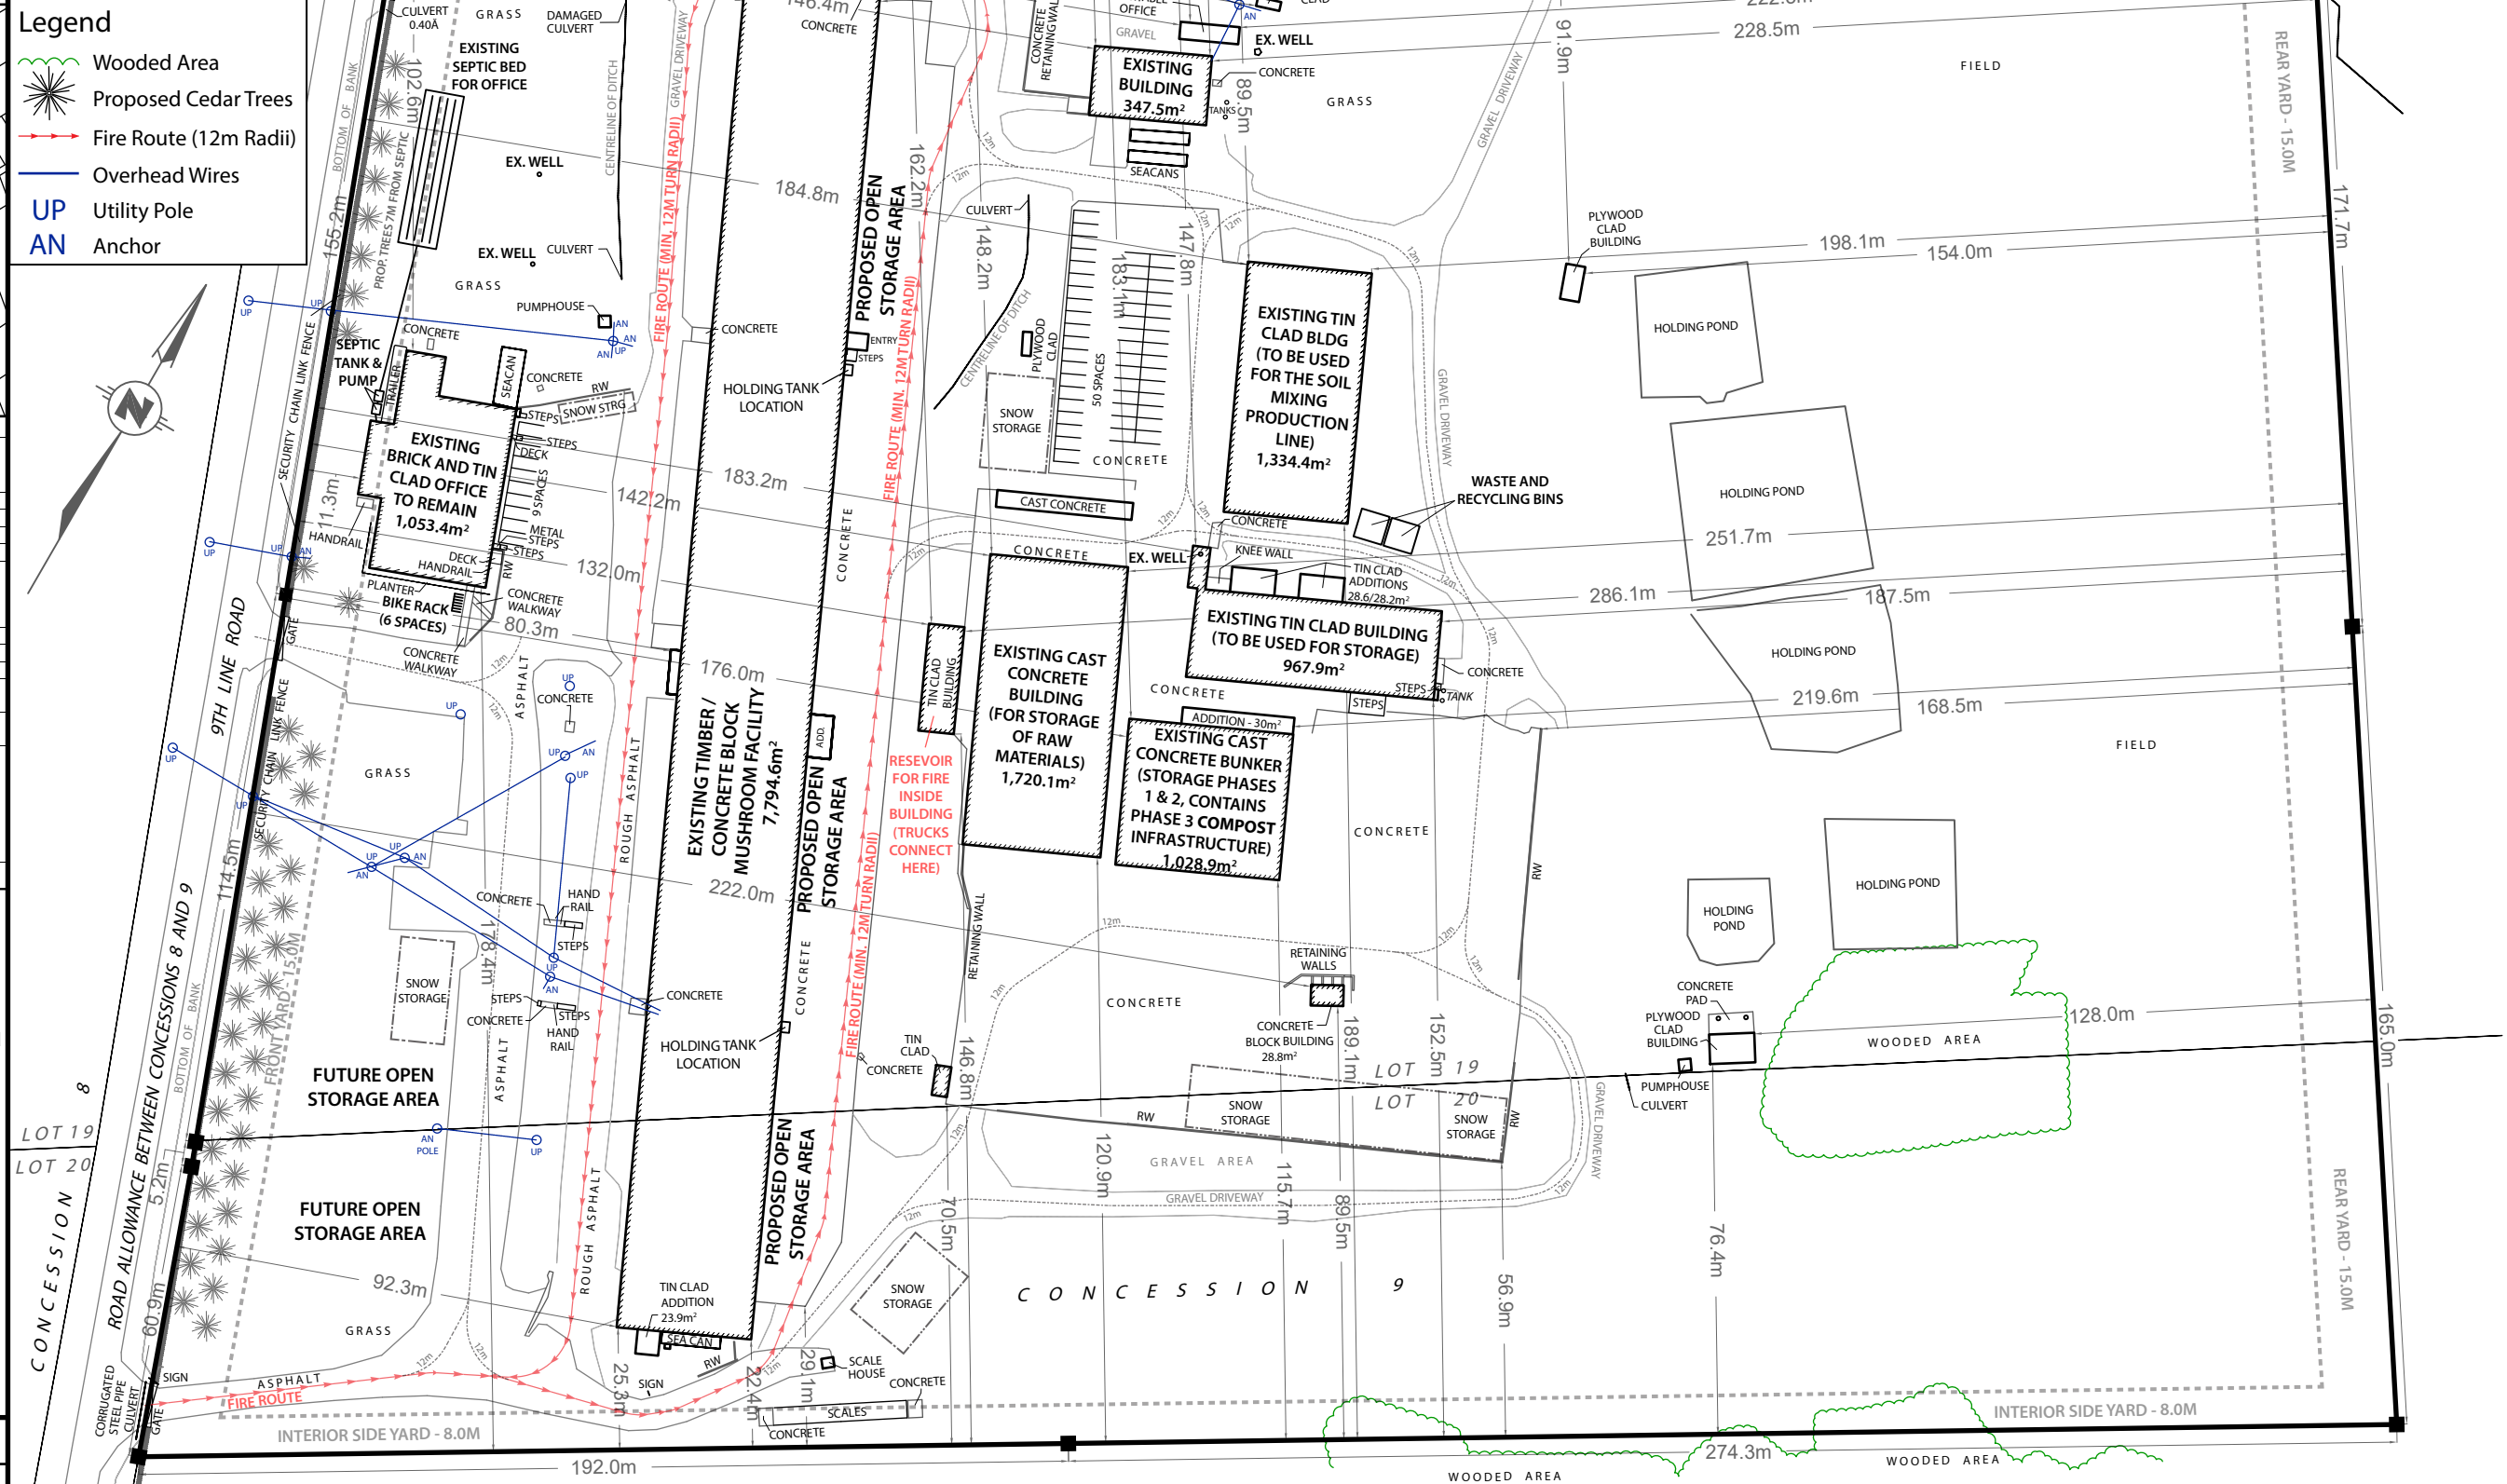

Zone Provisions	Current Zone Requirements (RU Zone)	Proposed Zone Requirements (RG Zone)	Existing / Proposed Standards
Lot Width (min)	50m	30m	335.7m
Lot Area (min)	0.8ha	0.4ha	14.285ha
Front Yard (min)	10m	15m	11.3m (office)
Rear Yard (min)	10m	15m	187.5m (storage)
Interior Side (min)	5m	8m (other cases)	22.4m (mushroom facility not in use) 89.5m (building with production line)
Corner Side (min)	10m	12m	N/A
Height (max)	12m	15m	Varies (5 – 10m)
Lot Coverage (max)	20%	50%	10.1% (all buildings)
Parking (min)**	Office – 9 spaces Facility – 41 spaces	Office – 9 spaces Facility – 41 spaces	Office – 9 spaces Facility – 50 spaces
Bicycle Parking (min)	6 spaces (1/1000sqm)	6 spaces (1/1000sqm)	6 spaces
Open Storage (max)	None	a) Not permitted within required Front Yard b) Screened from public streets and residential uses/zones	Located Outside of the Required Front Yard with Tree Screening Proposed along the Public Road

** - All parking for the site was calculated based on the light industrial use rate, 0.8 spaces/100sqm for the first 5,000sqm of GFA, 0.4 spaces/100sqm above 5,000sqm of GFA, only buildings to be used were included

- Notes:**
- Phase I of the site plan for the new use will utilize existing on-site buildings for operations. No new buildings and no building demolition is proposed at this time.
 - Open storage will be directed to the concrete area east of the existing timber / concrete block building previously used for mushroom production. Future open storage is proposed beyond the required front yard of 15m.
 - The existing cast concrete bunker building has compost facilities already installed by the previous use Continental Mushroom and would be used for the Phase 3 composting.
 - Existing driveways and site accesses will be maintained for the proposed use. The current fire route with access to the on-site fire suppression reservoir is shown.
 - Screening in the form of cedar trees is proposed along the front of the site to screen the public road. A double row of trees is proposed on the southern half of the property to provide additional screening for the future open storage.
 - Boundary and dimensions of the subject property and the locations of all on-site features derived from a topographic plan of survey completed by Callon Dietz in January of 2023.
