Notes :

Professional seal

- The Contractor must verify all site existing conditions before beginning the work and inform the Project Director of any errors, omissions or contradictions.
 Existing grades indicated on the plan come from the survey provided by the owner.
 The Contractor must not cut down any existing vegetation without the approval of the Project Director.
- Implantation of the works on site must be approved by the Project Director.
- 5- The Contractor must use the CAD file for implantation of all work. 6- The contractor must verify the amounts specified in the schedule and notify the landscape architect of any errors, ommissions or contradictions before the close of the bid.
