Dear Sir,

patersongroup.ca

Paterson Group (Paterson) was requested to issue this letter of reliance for the Geotechnical Investigation Report (Paterson Group Report PG5933-1 dated August 13, 2021), prepared for the aforementioned site. The contents and conclusions of this report are still valid and applicable to the current scope of the project, from a geotechnical perspective. Furthermore, the existing borehole data provides a general coverage of the site and is considered adequate for the design stages of the project.

We trust that this information meets your immediate requirements.

Best Regards,
Paterson Group Inc.

Joey R. Villeneuve, M.A.Sc., P.Eng.
