

Walking Path and Distance to Lincoln Fields Station 1299 Richmond Road

Provided below, is an aerial image which identifies the subject property, Lincoln Fields Station, the walking path, and distance between the two locations. As identified in the image, the distance between the two locations is approximately 381 metres, when measuring using Google Earth. The path of travel includes existing sidewalks and multi-use pathways and does not include cutting across private properties to reduce the distance of travel.

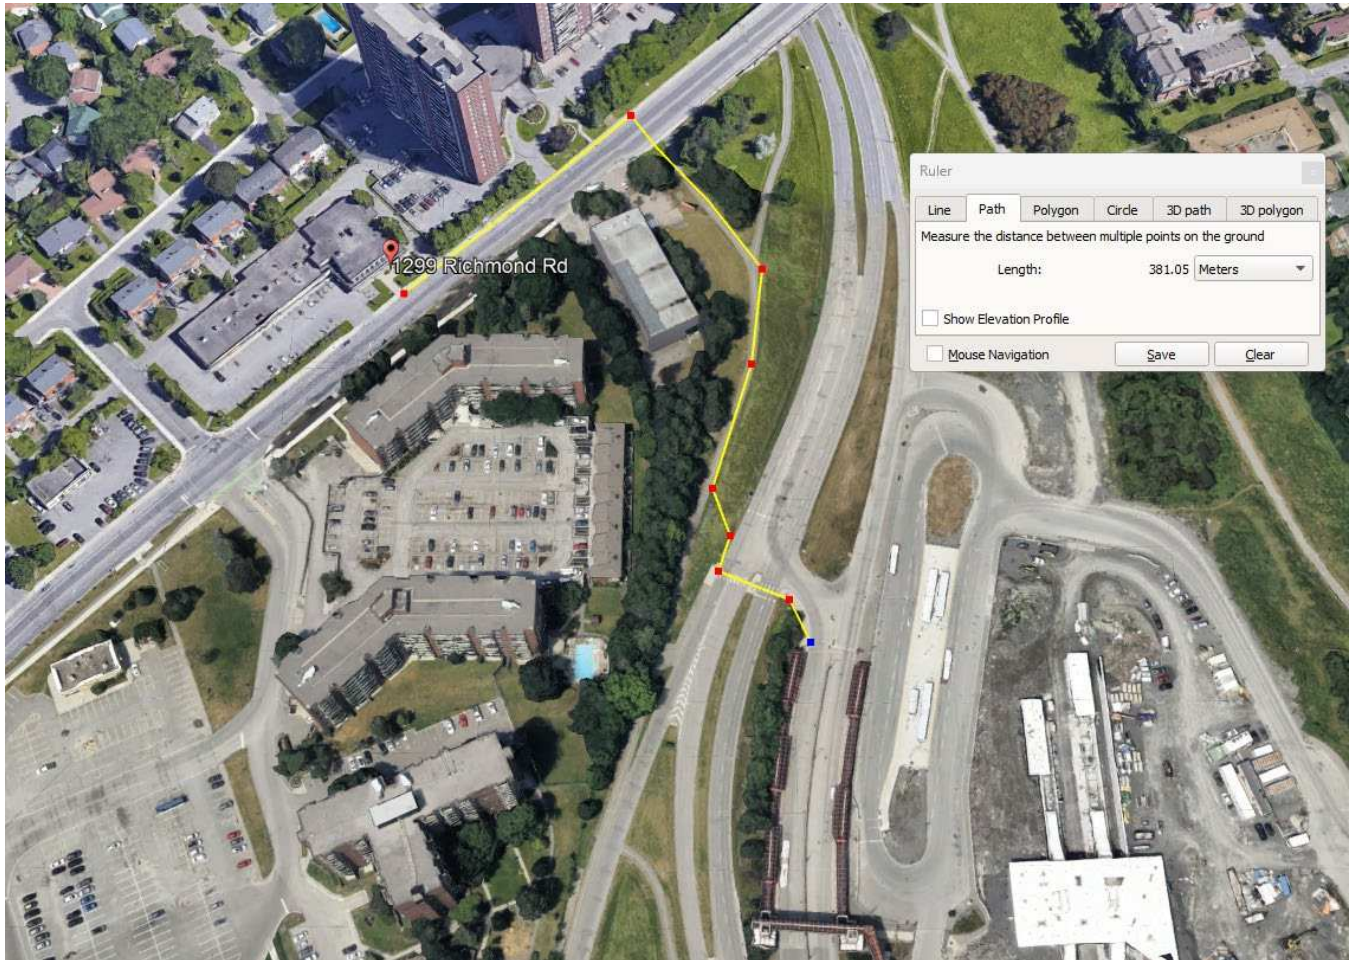

Figure 1: Aerial image of the subject property and Lincoln Fields Station, as well as the measured distance (walking) between the two sites.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tyler Yakichuk'.
