NOTES:

The existing tree inventory was prepared by CSW Landscape Architects Ltd. The observations were noted on the b conditions at that time and may not be most recent when project construction starts. Contractor is to consult the Landscape Architect and City Forestry staff in case of any descripancies.

1. DBH are approximate. MS = Multi-stem specimen - sizes indicated are approximate and represent the range of trunk sizes.
 Extent of tree removals to be determined based on final build-outs.
