

**SITE PLAN CONTROL APPLICATION
SITE PLAN APPROVAL REPORT
PLANNING, DEVELOPMENT AND BUILDING SERVICES DEPARTMENT**

Site Location: 1883 Stittsville Main St.

File No.: D07-12-24-0142

Date of Application: November 4, 2024

This SITE PLAN CONTROL application submitted by Novatech, on behalf of Mattamy Homes, is APPROVED upon resolution of the conditions stated in this report

And the following plans are approved:

1. **Site Plan**, prepared by Korsiak, revision 7, dated 23/07/25
2. **Landscape Plan**, 124097-L1, prepared by Novatech, dated Oct 9/24, revision 6 dated Jun 27/25
3. **Landscape Details**, 124097-L2, prepared by Novatech, dated Oct 9/24, revision 6 dated Jun 27/25
4. **Soil and Canopy Plan**, 124097-L3, prepared by Novatech, dated Oct 9/24, revision 5 dated Jun 27/25
5. **Front Elevation**, A2.00, prepared by Bim Studio, dated 2025-01-20, revision 1 dated 2025-01-20.
6. **Left Elevation**, A2.10, prepared by Bim Studio, dated 2025-01-20, revision 1 dated 2025-01-20.
7. **Left Elevation – UPG**, A2.11, prepared by Bim Studio, dated 2025-01-20, revision 1 dated 2025-01-20.
8. **Rear Elevation**, A2.20, prepared by Bim Studio, dated 2025-01-20, revision 1 dated 2025-01-20.
9. **Right Elevation**, A2.30, prepared by Bim Studio, dated 2025-01-20, revision 1 dated 2025-01-20.
10. **Right Elevation – UPG**, A2.31, prepared by Bim Studio, dated 2025-01-20, revision 1 dated 2025-01-20.
11. **Grading Plan and Erosion and Sediment Control Plan**, 124097-GR, prepared by Novatech, dated Sep 11/24, revision 11 dated Aug 7/25

12. **General Plan**, 124097-GP, prepared by Novatech, dated Sep 11/24, revision 9 dated Aug 7/25

And as detailed in the following report(s):

1. **Geotechnical Investigation Proposed Residential Development 1883 Stittsville Main Street**, Report PG7178-1, prepared by Paterson Group, dated July 2, 2024.
2. **Tree Conservation Report For the property at 1883 Stittsville Main, Stittsville, ON**, prepared by Kilgour & Associates Ltd., dated 2024-06-21.
3. **1883 Stittsville Main Street, Ottawa Noise Impact Feasibility Report**, prepared by Novatech, dated November 13, 2024
4. **Phase 1 Environmental Site Assessment 1883 Stittsville Main Street Ottawa, Ontario**, prepared by Paterson Group, dated June 24, 2024, revised December 19, 2024.
5. **Traditions II - Block 349 Medium Density Servicing and Stormwater Management Report**, prepared by Novatech, dated October 29, 2024, revised July 2, 2025.

And subject to the following General and Special Conditions:

General Conditions

1. **Lapsing of Approval**

The Owner shall enter into this Site Plan Control Agreement and/or Letter of Undertaking, including all standard and special conditions, financial and otherwise, as required by the City. In the event that the Owner fails to sign this Agreement and/or Letter of Undertaking, complete the conditions to be satisfied prior to the signing of this Agreement, and have the corresponding building permit(s) issued within three (3) years of Site Plan approval, the approval shall lapse.

2. **Permits**

The Owner shall obtain such permits as may be required from municipal or provincial authorities and shall file copies thereof with the General Manager,

3. **Barrier Curbs**

The Owner acknowledges and agrees that the parking areas and entrances shall have barrier curbs and shall be constructed in accordance with the drawings of a design professional, such drawings to be approved by the General Manager, Planning, Development and Building Services.

4. **Water Supply for Fire Fighting**

The Owner shall provide adequate water supply for fire fighting for every building. Water supplies may be provided from a public water works system, automatic fire pumps, pressure tanks or gravity tanks.

5. **Reinstatement of City Property**

The Owner shall reinstate, at its expense and to the satisfaction of the General Manager, Planning, Development and Building Services, any property of the City, including, but not limited to, sidewalks, curbs and boulevards, which is damaged as a result of the subject development.

6. **Construction Fencing**

The Owner acknowledges and agrees to install construction fencing, at its expense, in such a location as may be determined by the General Manager, Planning, Development and Building Services.

7. **Construct Sidewalks**

The Owner shall design and construct sidewalk(s) within public rights-of-way or on other City owned lands to provide a pedestrian connection from or to the site as may be determined by the General Manager, Planning, Development and Building Services. Such sidewalk(s) shall be constructed to City Standards.

8. **Extend Internal Walkway**

The Owner shall extend internal walkways beyond the limits of the subject lands to connect to existing or proposed public sidewalks, at the sole expense of the Owner, to the satisfaction of the General Manager, Planning, Development and Building Services.

9. **Completion of Works**

The Owner acknowledges and agrees that no new building will be occupied on the lands until all requirements with respect to completion of the Works as identified in this Agreement have been carried out and received Approval by the General Manager, Planning, Development and Building Services, including the installation of municipal numbering provided in a permanent location visible during both day and night and the installation of any street name sign on relevant streets. Notwithstanding the non-completion of the foregoing Works, occupancy of a lot or structure may otherwise be permitted, if in the sole opinion of the General Manager, Planning, Development and Building Services, the aforesaid Works are proceeding satisfactorily toward completion. The Owner shall obtain the prior consent of the General Manager, Planning, Development and Building Services for such occupancy in writing.

Until all requirements with respect to completion of the Works as identified in this Agreement have been carried out and received Approval by the General Manager,

Planning, Development and Building Services, the Owner shall give notice to the City of a proposed conveyance of title to any building at least thirty (30) days prior to any such conveyance. No conveyance of title to any building shall be effective unless the Owner has complied with this provision.

Nothing in this clause shall be construed as prohibiting or preventing the approval of a consent for severance and conveyance for the purposes of obtaining financing.

10. **Development Charges**

The Owner shall pay development charges to the City in accordance with the by-laws of the City.

SPECIAL CONDITIONS

11. **Professional Engineering Inspection**

The Owner shall have competent Professional Engineering inspection personnel on-site during the period of construction, to supervise the Works, and the General Manager, Planning, Development and Building Services, shall have the right at all times to inspect the installation of the Works. The Owner acknowledges and agrees that should it be found in the sole opinion of the General Manager, Planning, Development and Building Services, that such personnel are not on-site or are incompetent in the performance of their duties, or that the said Works are not being carried out in accordance with the approved plans or specifications and in accordance with good engineering practice, then the General Manager, Planning, Development and Building Services, may order all Work in the project to be stopped, altered, retested or changed to the satisfaction of the General Manager, Planning, Development and Building Services.

12. **Private Approach Detail**

The Owner agrees that all private approaches, including temporary construction access to the subject lands, shall be designed and located in accordance with and shall comply with the City's Private Approach By-Law, being By-law No. 2003-447, as amended, and shall be subject to approval of the General Manager, Planning, Development and Building Services.

The Owner acknowledges and agrees that all private approaches serving the proposed development shall be designed and constructed, at the sole expense of the Owner, in accordance with the City's "Curb Return Entrances – Uncontrolled Intersections" Plan, Drawing No. SC7.1, dated March 2007 and revised March 2021, and the Owner shall comply with the City's Private Approach By-law, being No. 2003-447, as amended.

13. **Private Access**

The Owner acknowledges and agrees that all private accesses to Roads shall comply with the City's Private Approach By-Law being By-Law No. 2003-447 as amended, or as approved through the Site Plan control process.

14. **Noise Control Attenuation Measures**

The Owner acknowledges and agrees to implement the noise control attenuation measures recommended in the approved Noise Impact Feasibility Report, referenced in Schedule "E" of this Agreement, as follows:

- (a) each unit of Blocks 1, 2, 3, 4 is to be equipped with central air conditioning;
- (b) each unit is to be fitted with a forced air heating system and ducting, and shall be sized to accommodate central air conditioning;
- (c) further to subsection (b) above, the location and installation of any outdoor air conditioning device(s) shall comply with the noise criteria of the Ministry of the Environment, Conservation and Parks' Publication NPC-216, dated 1993, and the Environmental Noise Guidelines for Installation of Residential Air Conditioning Devices, dated September 1994, as amended, in order to minimize the noise impacts both on and off the immediate vicinity of the subject lands;
- (d) prior to the issuance of a building permit, a review of building components (windows, walls, doors) is required and must be designed to achieve indoor sound levels within the City's and the Ministry of the Environment, Conservation and Parks' noise criteria. A letter shall be prepared by a qualified professional and provided to the General Manager, Planning, Development and Building Services confirming the plans submitted for building permit issuance have incorporated any and all mitigation measures to achieve the required indoor sound levels;
- (e) upon completion of the development and prior to occupancy and/or final building inspection, a professional engineer, licensed in the Province of Ontario with expertise in the subject of acoustics related to land use planning, shall be retained to visit the lands, inspect the installed noise control measures and satisfy themselves that the installed recommended interior noise control measures comply with the measures in the Noise Impact Feasibility Report referenced in Schedule "E" hereto. The professional engineer shall prepare, sign and stamp a letter to the General Manager, Planning, Development and Building Services (the "Certification Letter") stating that they certify acoustical compliance with all requirements of the applicable conditions in this Agreement, to the satisfaction of the General Manager, Planning, Development and Building Services.

15. **Notice on Title – Noise Control Attenuation Measures**

The Owner acknowledges and agrees that a notice shall be registered on title to the subject lands, at the Owner's expense. The Owner further acknowledges and

agrees that such notice on title, or the clauses as written directly below, shall be included in all agreements of purchase and sale and lease agreements to inform prospective purchasers and tenants of these matters. The notice on title shall include, but not be limited to, the following:

The Owner, or any subsequent owner of the whole or any part of the subject lands, acknowledges and agrees that all agreements of purchase and sale or lease agreements shall contain the following clauses, which shall be covenants running with the subject lands:

Type C – Forced Air Heating System and Ducting

“The purchaser/lessee for themselves, their heirs, executors, administrators, successors and assigns, acknowledges being advised that this dwelling unit has been fitted with a forced air heating system and the ducting, etc. was sized to accommodate central air conditioning. Installation of central air conditioning by the purchaser/lessee will allow windows and exterior doors to remain closed, thereby ensuring that the indoor sound levels are within the City of Ottawa’s and the Ministry of the Environment, Conservation and Parks’ noise criteria.”

“The purchaser/lessee for themselves, their heirs, executors, administrators, successors and assigns, acknowledges and agrees it shall identify the location and install any outdoor air conditioning device(s) so as to comply with the noise criteria of the Ministry of the Environment, Conservation and Parks’ Publication NPC-216, dated 1993, and the Environmental Noise Guidelines for Installation of Residential Air Conditioning Devices, dated September 1994, as amended, in order to minimize the noise impacts both on and off the immediate vicinity of the subject lands.”

Type D – Central Air Conditioning

“The purchaser/lessee of Blocks 1,2,3,4 for themselves, their heirs, executors, administrators, successors and assigns, acknowledges being advised that this dwelling unit has been supplied with a central air conditioning system which will allow windows and exterior doors to remain closed, thereby ensuring that the indoor sound levels are within the City of Ottawa’s and the Ministry of the Environment, Conservation and Parks’ noise criteria.”

Ending Paragraph

“The purchaser/lessee covenants with the vendor/lessor that the above clauses, verbatim, shall be included in all subsequent agreements of purchase and sale and lease agreements for the lands described herein, which covenant shall run with the said lands.”

16. **Geotechnical Investigation**

The Owner acknowledges and agrees that it shall retain the services of a geotechnical engineer, licensed in the Province of Ontario, to ensure that the recommendations of the Geotechnical Investigation (the “Report”), referenced in

Schedule "E" herein, are fully implemented. The Owner further acknowledges and agrees that it shall provide the General Manager, Planning, Development and Building Services with confirmation issued by the geotechnical engineer that the Owner has complied with all recommendations and provisions of the Report, prior to construction of the foundation and at the completion of the Works, which confirmation shall be to the satisfaction of the General Manager, Planning, Development and Building Services.

17. **Groundwater Management**

The Owner acknowledges and agrees to retain an environmental consultant to test groundwater to be removed from the site during and after redevelopment. If through further testing the groundwater samples are found to be contaminated, all contaminated groundwater must be removed, managed or treated in accordance with appropriate Ontario regulations and/or discharged in accordance with the City's Sewer Use By-Law, being By-law No. 2003-514, as amended.

18. **Re-Grading and Maintenance of Ditch**

The Owner acknowledges and agrees it shall be responsible for various grading and maintenance measures along Stittsville Main Street, which include the following:

- (a) Re-grade the shoulders of the ditch within the road allowance(s) of Stittsville Main Street abutting the subject lands, to the satisfaction of the General Manager, Planning, Development and Building Services;
- (b) Obtain utility clearances prior to the re-grading of any ditch;
- (c) Obtain approval from the City's Roads Services Branch of the Public Works Department if the grade of any ditch bottom is to change; and
- (d) Maintain a grass cover within the road allowance(s) of Stittsville Main Street abutting the subject lands, to the satisfaction of the General Manager, Planning, Development and Building Services Department.

19. **Protection of City Sewers**

- (a) Prior to the issuance of a building permit, the Owner shall, at its expense:
 - (i) provide the General Manager, Planning, Development and Building Services with the engineering report from a Professional Engineer, licensed in the Province of Ontario, which report shall outline the impact of the proposed building's footing and foundation walls, on the City sewer system, that crosses the Campolina Way, Falabella Street and Parade Drive frontages (the "City Sewer System") and the impact of the existing City Sewer System on the building's footing and foundation walls;

- (ii) obtain a legal survey acceptable to the General Manager, Planning, Development and Building Services and the City's Surveyor, showing the existing City Sewer System within Campolina Way, Falabella Street and Parade Drive and the location of the proposed building and its footings in relation to the City Sewer System;
 - (iii) obtain a video inspection of the City Sewer System within Campolina Way, Falabella Street and Parade Drive prior to any construction to determine the condition of the existing City Sewer System prior to construction on the lands and to provide said video inspection to the General Manager, Planning, Development and Building Services.
- (b) Upon completion of construction on the lands, the Owner shall, at its expense and to the satisfaction of the General Manager, Planning, Development and Building Services:
 - (i) obtain a video inspection of the existing City Sewer System within Campolina Way, Falabella Street and Parade Drive to determine if the City Sewer System sustained any damages as a result of construction on the lands; and
 - (ii) assume all liability for any damages caused to the City Sewer System within Campolina Way, Falabella Street and Parade Drive and compensate the City for the full amount of any required repairs to the City Sewer System.

20. **Stormwater Works Certification**

Upon completion of all stormwater management Works, the Owner acknowledges and agrees to retain the services of a Professional Engineer, licensed in the Province of Ontario, to ensure that all measures have been implemented in conformity with the approved Plans and Reports, referenced in Schedule "E" herein. The Owner further acknowledges and agrees to provide the General Manager, Planning, Development and Building Services with certificates of compliance issued by a Professional Engineer, licensed in the Province of Ontario, confirming that all recommendations and provisions have been implemented in accordance with the approved Plans and Reports referenced in Schedule "E" herein.

21. **Inlet Control Devices (ICDs)**

The Owner acknowledges and agrees to install and maintain in good working order the required in-ground stormwater inlet control devices, as recommended in the approved Servicing and Stormwater Management Report, referenced in Schedule "E" herein. The Owner further acknowledges and agrees it shall assume all maintenance and replacement responsibilities in perpetuity. The Owner shall keep all records of inspection and maintenance in perpetuity, and shall provide said records to the City upon its request.

22. **Water Plant**

The Owner acknowledges and agrees that the water plant within the lands is a private watermain. The Owner further acknowledges and agrees that the private watermain and appurtenances thereto are to be maintained by the Owner at its own expense, in perpetuity. The Owner performing maintenance on critical infrastructure, such as private watermains and private fire hydrants, shall maintain adequate records as proof of having done so in accordance with applicable regulations, and that the records shall be retained for review by the City and or the Ottawa Fire Services when requested.

23. **Private Storm Sewer Connection to City Sewer System**

The Owner acknowledges and agrees that any new storm sewers to be installed as part of this development shall not be connected to the City's existing storm sewer system until such time as either:

- (a) a certificate of conformance and As-built Drawings have been received from a Professional Engineer, licensed in the Province of Ontario, certifying that all required inlet control devices have been properly installed to City Standards or Specifications, and that the storm sewer system has been installed in accordance with the approved engineering drawings for site development and City Sewer Design Guidelines. The inlet control devices shall be free of any debris; or
- (b) a flow limiting orifice plate, designed by a Professional Engineer licensed in the Province of Ontario and to the satisfaction of the City, has been installed at the storm water outlet prior to connecting any upstream storm sewers. Such orifice plate shall not be removed until subsection (a) above has been satisfied and approved by the General Manager, Planning, Development and Building Services.

24. **Leak Survey**

The Owner acknowledges and agrees that the Water Plant and sewer service within the lands is a private system, including Private Services and sewer services and appurtenances, and the Owner acknowledges and agrees that it is responsible for the operation, maintenance and/or replacement, in perpetuity, of the Private Services and sewer system, including the Private Watermains, private hydrants, private sanitary and storm sewer infrastructure (collectively the "private system") which are located on the lands and that the Owner will retain copies of all the associated Work and maintenance contracts, and make said contracts available for inspection upon demand by the City.

Further, the Owner acknowledges and agrees to have a Professional Engineer, licensed in the Province of Ontario, conduct regular inspections of the water system and sewer system, which includes a leak detection survey at least every five (5) years and a video of the sanitary sewer system to check for major water infiltration into the private system. Copies of the inspection reports and videos shall be provided to the General Manager, Infrastructure and Water Services and Fire Services. The Owner further acknowledges and agrees that as part of the Owner's

ongoing maintenance responsibility for the private system, repairs to the system must be completed immediately to correct any deficiencies which contribute to water loss or leakage of infiltration within the private system. Any deficiencies shall be immediately reported to the City. The Owner acknowledges and agrees to notify the General Manager, Infrastructure and Water Services when such repairs have been completed.

25. **Site Lighting Certificate**

- (a) In addition to the requirements contained in Clause 19 of Schedule "C" hereto, the Owner acknowledges and agrees, prior to the issuance of a building permit, to provide the City with a certificate from an acceptable professional engineer, licensed in the Province of Ontario, which certificate shall state that the exterior site lighting has been designed to meet the following criteria:
 - (i) it must be designed using only fixtures that meet the criteria for full cut-off (sharp cut-off) classification, as recognized by the Illuminating Engineering Society of North America (IESNA or IES); and
 - (ii) it must result in minimal light spillage onto adjacent properties. As a guideline, 0.5 fc is normally the maximum allowable spillage.
- (b) The Owner acknowledges and agrees that, upon completion of the lighting Works and prior to the City releasing any associated securities, the Owner shall provide certification satisfactory to the General Manager, Planning, Development and Building Services, from a Professional Engineer, licensed in the Province of Ontario, that the site lighting has been constructed in accordance with the Owner's approved design plan.

26. **Maintenance and Liability Agreement for Landscaping**

The Owner acknowledges and agrees it shall be required to enter into a Maintenance and Liability Agreement with the City, for those elements which are to be located in the City's Parade Drive, Falabella Street, and Campolina Way rights-of-way, as shown on the approved Landscaping Plan referenced in Schedule "E" herein, including all plant and landscaping material (except municipal trees), walkways, connections and pavers. The Maintenance and Liability Agreement shall be registered on title, at the Owner's expense, immediately after the registration of this Agreement. The Owner shall assume all maintenance and replacement responsibilities in perpetuity.

27. **Waste Collection**

The Owner acknowledges and agrees that garbage, recycling, and organic waste collection will not be provided by the City and it shall make appropriate arrangements with a private contractor for garbage, recycling, and organic waste collection at the Owner's sole expense. The Owner shall consult a private

contractor regarding any access requirements for garbage and/or recycling and organic waste collection.

28. **Subdivision Agreement**

The Owner acknowledges and agrees that this approval is subject to all conditions of the Subdivision Agreement registered as Instrument No. OC1912816.

29. **Notice on Title – School Accommodation**

The Owner acknowledges and agrees that a notice shall be registered on title to the subject lands, at the Owner's expense. The Owner further acknowledges and agrees that such notice on title, or the clauses as written directly below, shall be included in all agreements of purchase and sale and lease agreements to inform prospective purchasers and tenants of these matters. The notice on title shall include, but not be limited to, the following:

The Owner, or any subsequent owner of the whole or any part of the subject lands, acknowledges and agrees that all agreements of purchase and sale or lease agreements shall contain the following clauses, which shall be covenants running with the subject lands:

"The purchaser/lessee for themselves, their heirs, executors, administrators, successors and assigns, acknowledges being advised that the Ottawa-Carleton District School Board has pupil accommodation concerns for this dwelling unit. The purchaser/lessee agrees to inform prospective purchasers or tenants in all subsequent agreements of purchase and sale and lease agreements that school accommodation pressures exist in the Ottawa-Carleton District School Board, which are currently being addressed by the utilization of portable classrooms and/or by directing students to school outside their community."

"The purchaser/lessee covenants with the vendor/lessor that the above clauses, verbatim, shall be included in all subsequent agreements of purchase and sale and lease agreements for the lands described herein, which covenant shall run with the said lands."

30. **Access Easement to City**

The Owner acknowledges and agrees it shall grant to the City, at the Owner's expense, a Blanket Easement over the lands, with the right and licence of free, uninterrupted, unimpeded and unobstructed access to the City to enter on and to pass at any and all times, on, over, along and upon the lands with or without vehicles, supplies, machinery and equipment for all purposes necessary or convenient to construct, maintain, repair and replace the Private Watermains, Private Service Posts and fire hydrants at the Owner's expense. The Owner acknowledges and agrees that notwithstanding the rights granted to the City under the grant of easement, the Owner remains responsible at all times for the maintenance, inspection, alteration, repair, replacement and reconstruction of the utility in the said lands during their term of use. The Owner acknowledges and

agrees to provide an electronic copy of the Transfer of Easement prior to the execution of this Agreement by the City, to the satisfaction of the City Solicitor. All costs shall be borne by the Owner.

Enclosure: Site Plan Control Application approval – Supporting Information

SITE PLAN CONTROL APPROVAL APPLICATION SUPPORTING INFORMATION

File Number: D07-12-24-0142

SITE LOCATION

1883 Stittsville Main St., and as shown on Document 1.

SYNOPSIS OF APPLICATION

The subject site is located at the southeast corner of Stittsville Main Street and Parade Drive. The site has frontage on Parade Drive, Falabella Street, and Campolina Way, and has a total lot area of approximately 10,476 square meters. Surrounding land uses include low-rise residential uses to the south and east, low-rise residential uses and vacant lands to the north, and low-rise residential uses to the west, on the opposite side of Stittsville Main Street.

The purpose of the application is to develop seven three-storey stacked dwellings, each containing 12 dwelling units, for a total of 84 dwelling units and 9571 square meters of gross floor area. The site plan provides 91 resident parking spaces and 17 visitor parking spaces, for 108 total vehicle parking spaces in the surface parking area. Two accesses to the site are proposed on the east side of Falabella Street. New sidewalks are proposed along the northern side of Campolina Way and the west side of Falabella Street, as part of the development.

Residential Units and Types

Dwelling Type	Number of Units
Stacked	84

Related Applications

The following applications are related to this proposed development:

- Minor Variance, D08-02-25_A-00105
- Plan of Condominium D07-04-25-0002

DECISION AND RATIONALE

This application is approved for the following reasons:

- The subject site is located within the Suburban (West) Transect and is designated Neighbourhood in the City's Official Plan.
 - The Neighbourhood designation supports a range of low-rise residential uses. The proposed three storey stacked townhouses provides for additional housing choice with a low-rise built form that is consistent with the vision of the Official Plan and the surrounding context.
- The proposed development is in conformity with the Zoning By-law. The scale and density of the site complies with all zoning regulations.
 - In 2016, the subject site was re-zoned to R4Z (Residential Fourth Density, Subzone Z), a residential zone that permits a range of low-rise residential uses, including a Planned Unit Development and Stacked Dwellings.
 - The applicant recently sought a minor variance for a reduced side yard setback along the western property line, abutting Stittsville Main Street. The corresponding minor variance application has been approved by the Committee of Adjustment, with all opportunities for appeal exhausted.
 - The parking provided is compliant with the zoning by-law, which requires 1 space per dwelling unit for resident parking, and 0.2 spaces per dwelling unit for visitor parking. Additionally, 42 bicycle parking spaces are included.
- The proposed development will include a new sidewalk along the north side of Campolina Way and the west side of Falabella Street, providing improved pedestrian infrastructure for the surrounding area.
- Two accesses are proposed for the development, from Falabella Street. The accesses have been reviewed in accordance with the City's Transportation policies and technical guidelines.
- Landscaping, including large tree planting, is provided around the perimeter of the site, and within interior common amenity areas.
- The proposed site design represents good planning.

PARKLAND DEDICATION

Parkland dedication, in accordance with By-law 2022-280, was previously satisfied through the related plan of subdivision approval.

CONSULTATION DETAILS

Councillor's Comments

Councillor Glen Gower is aware of the application related to this report.

The subject site abuts Ward 21, Rideau-Jock. Councillor David Brown is aware of the application related to this report.

Public Comments

This application was subject to public circulation under the Public Notification and Consultation Policy. There were public comments received online and staff considered these comments.

Technical Agency Comments

The applicant has been provided with comments from Hydro Ottawa, Enbridge Gas Distribution, Bell Canada, Ottawa-Carleton District School Board, Canada Post, and Rideau Valley Conservation Authority. Comments provided will be required to be addressed with each agency, as applicable.

APPLICATION PROCESS TIMELINE STATUS

This Site Plan application was processed by the On Time Decision Date.
