**RE: SURVEY REPORT**

**A.Y. Jackson Secondary School**

#150 Abbeyhill Drive

Part of Lot 32 Concession 11. Geographic Township of Goulbourn, City of Ottawa

---

**1) Registered Rights-of-Way/Easements**

The property is subject to easement over Part 1 Plan 5R-5388 in favour of The Corporation of City of Ottawa as in NS153691. The property is subject to easement over Part 1 Plan 4R-11357 in favour of Kanata Hydro-Electric Commission, now Ottawa Hydro, as in LT1010373. The property is subject to an easement in gross as in OC1436021. The Parcel Abstract for PIN 04485-0210 describes the property as being subject to an easement as in GB16267, however this document does not pertain to this property.

**2) Compliance with Municipal Zoning Bylaws**

This report does not address Zoning Bylaws.

**3) Property Area**

The area of the subject property is 8.08 Hectares.

**4) Additional Remarks**

As shown on the plan, please note the position of the fencing, hedges and frame steps along the property lines. As reported by USL-1, "the drainage system around the soccer field and track is in very poor state. I was following a series of small CBs but everything out there is either full of water, or the lids can't be opened. I didn't find a main source for outfall anywhere other than a low spot to the east of the portables with a buried CB. It may have a lead somewhere or everything could be dry-wells and just absorbing into the ground. It could explain why everything is wet and flooded."

Should you have any questions, please feel free to contact me.
